Whispers from The Brighter World

Tuesday, June 10, 2014 – 10:00 a.m.

All these beautiful testimonials from around the world demonstrate the impact these messages are having on the hearts of our abhyasis. Nothing in this area happens in vain; we here can see how much the messages help our brothers and sisters on a daily basis. Why would they have been given, and over such a long time, if they were not so important for the entire Mission? Sahaj Marg has many strengths – this, of course, being one of them.

The reason we intervene is to motivate our abhyasis, to lead them into a regular practice whose effects are dynamic. And this is coupled with a simple teaching, undemanding and within the reach of all. We want the best possible. Everyone has their own problems – an incarnation is never simple, but the most edifying aspect of it remains when a journey such as this is carried out day by day. We are able, here better than anywhere else, to assess the impact of all these actions on those who trust us. Abhyasis truly committed to serving the Mission save valuable time; regular practice is a commitment of the heart whose effects remain in the annals of time. They leave a very positive mark on the being, and this achievement is undoubtedly very precious.

Sahaj Marg is recent history, one might say. It arrives appropriately, at the cusp of two worlds; it will leave a strong imprint, whose fruit the future will reap. This prospect gives us great joy. It is up to each and every one to do their best and to become aware of the opportunity they are given to advance – and truly so.

Our unceasing blessings.
