You are nearing the end of your troubles; your fate will soften. You will have to use your time well, and not waste it doing unimportant things.

We watch over you and have placed our confidence in you. Be in total surrender. Your wish to serve is granted, but you have known this for a long time.

Your love touches us infinitely, it forgives your lack of diligence in sadhana. Don't take this opportunity to make excuses. One day you will be with us, my child, and you will be able to give your all.

The Medium: May I serve you at a high level?

There is no level of action; there is simply serving. Each action has its place, its effectiveness. The smallest step is part of this context. Realise how lucky you are. It is true that many say they communicate with us, but that isn't true: those are mental flights of fancy.

Purify yourself through practice. The channel must open more and more so that we are in complete connection. Blessings for this day of grace; remain in union with us.

The Medium: Should I say something to Françoise?

You can never do too much when it's in the right direction. Let her speak at the ashram; we are guiding her. Meditate, both of you.
