Whispers from The Brighter World

Tuesday, September 9, 2014 – 10:00 a.m.

The human being is quite helpless before this power of the sovereign spirit guiding each one towards his or her destiny. One day, it becomes clearer and brings about the necessary changes.

Since the inception of this Mission, many events have taken place, some of them surprising for our abhyasis but necessary for the Mission's growth and establishment in this world. All the existing paths having some power of action also started small, one might say, before winning over the world . Doesn't everything have its raison d'être! Sahaj Marg is wanted by the higher authorities; it will not stop expanding here below, and it will continue to stand after the great upheavals of the future. This high place of the Mission, being developed (in Hyderabad), will have a prominent role; it will become the beacon, the point of attraction of this Mission, in perfect connection with all the other centres of the Mission in this world. Divine power will accomplish this wonder; once again, it will operate at its discretion for the good of this humanity in need, more than ever, of particular attention. What is to be will be; may all our faithful abhyasis unite as never before and progress towards the ultimate goal.
