Whispers from The Brighter World

Sunday, October 26, 2014 – 10:00 a.m.

Difficulties are an unavoidable part of life, our Mission experiences them on a daily basis. Perfection will surely come to this world one day, but we are far away from it. May our abhyasis be conscious of their commitment – it is not insignificant. Many people do not realise what is at stake in such an approach and are missing the main thing by not being sufficiently committed. May peace and harmony reach all hearts and unite them for the greater good under our constant blessings.
