Whispers from The Brighter World

Tuesday, December 23, 2014 – 10:00 a.m.

The Sahaj Marg Mission is living a special moment. May our brothers and sisters rest assured, all is well for our great son, their revered Master, as well as for themselves. Life carries on at all levels; the Sahaj Marg path is in full expansion and its future is quite heartening. The commitment of our brothers and sisters is decisive – so many of them are motivated and achieve the best. This great unifying movement will mark this time, and the future reserves a choice place for it in a humanity now very tormented and later cleansed of many ills and violence and turbulence of all kinds. Many events will occur to make humans realise what they must do in order for this world to change and find a correct place capable of fostering human evolution. Everything has long been planned – spirituality, as we have already said, will save the world! Hatred, violence and all such evils currently have a disastrous grip on many human beings. It will be imperative one day to return to a more correct notion of the values necessary for the welfare and evolution of the human being.

The Mission is furthering its action; the power of the Masters provides for it, and the action of the incarnate Master confirms, in its own manner, what we inspire in him. Your new Master is already enlightened. Our love henceforth carries and guides him in accomplishing his mission, which will be up to our expectations – that is to say, brilliant and very positive for this entire Mission, whose every step we follow with all the love possible.

May surrender and love lead all our brothers and sisters to the best in their evolution, carried and supported by the incarnate Master, who is vested with the powers that we grant him.

May a vast surge of love rise towards the great Parthasarathi who is always attentive to all of you. The Mission continues on its way; all is well and has been wanted like this for a long time, in order to achieve the best.

To all of you, the combined blessings of the entire hierarchy, united and active as appropriate in the service of one and all. May our abhyasis unite and truly support each other on this journey, unique among its kind. Special blessings to all.
