Whispers from The Brighter World

Monday, January 12, 2015 – 10:00 a.m.

The Sahaj Marg Mission is pursuing its course; over time, new rules will be established to strengthen its progress and its foundation in the world. Everything will be done in due course. Many things will change here below and humans will have to adapt to circumstances. They will have no other choice, so has it been since the dawn of time. The aspiration for the Divine will keep growing in hearts; that is in the order of things. The culmination of any incarnation must lead to this conclusion. It is important to not waste precious time – it cannot be retrieved.

Slowly, but appropriately, Sahaj Marg touches hearts and leads them where necessary, effectively and without fanfare. The Mission will grow in number; we will help it in all aspects of its manifestation. Restructuring, building, expanding the field of action of beings chosen by the Master to firmly establish new bases, such are the planned projects. To develop oneself, to grow in this power of action, is the goal to be reached for the expansion of the Mission – carried in this respect by the divine will, expressed here by the alliance of Masters. Everything will be done in its time, everything has its raison d'être, even if this is not always understood as it should be; what must be will be.

May all our brothers and sisters focus on what is essential on this extraordinary journey being offered to them and take full advantage of it. A life is short in the face of eternity; here they have this opportunity.

To all, we wish the best possible on this journey towards the goal, under our blessings.
