Whispers from The Brighter World

Friday, January 30, 2015 – 10:00 a.m.

Forget the constraints of your physical body; rise above the world of matter to where everything becomes lighter and appears in a favourable light. Here, worries are forgotten. This contact with the Masters is enchanting for the heart; transported it is, with joy.

Brothers and sisters who join us are well looked after – they can perceive the presence of the Masters who watch over the destiny of this beautiful way of Sahaj Marg. The Mission is expanding worldwide. It will increasingly help humans struggling with this material world that destabilizes the subtle energies of the physical body and beyond. The practice proposed here provides real benefits in balancing the body; the harmonisation of the subtle bodies is valuable for the well-being of each of our brothers and sisters. This practice of Sahaj Marg is more effective than it seems, we have said it often enough. When our abhyasis leave this world, they are able to measure their progress and rejoice. Thus operates this way of the heart – its great apparent simplicity conceals its treasures. These are fully revealed in the world of the Spirit where only the truth appears, far from the constant illusion prevailing here below. Such are the laws; we are doing our best to help our brothers and sisters, and this commitment is bearing fruit.

It's up to everyone to commit themselves as best they can, and one day the divine goal will be achieved; there lies the supreme reward.
