Whispers from The Brighter World

Thursday, April 30, 2015 – 10:00 a.m.

These four major seminars in a year will henceforth stand as the four cardinal points of this beautiful Sahaj Marg Mission. We particularly call upon our abhyasis during these special days to devote all the necessary time and attention to them. A very special work takes place for the welfare of all and for the growing establishment of this unparalleled way, whose results make us very happy. Our dear, great Parthasarathi finds his full blossoming here among us – we who surround him with much love. He remains very attentive to this entire Mission, which is so close to his heart, and to some beings who were very close to his human person during all these years of service, of intense devotion to all our aspirants and to this unique path, to which he consecrated his life with fervour.

All of us gathered here are working to consolidate this path and strengthen its now well established foundations, to secure for it a future in which its action becomes ever greater in the world of humans. This beautiful Mission will not cease growing to meet a need, a call from hearts that are thirsting. The heart of the Mission is large. Its current Master is brilliantly providing for its expansion. He will have more and more to do, and he will act accordingly. He is particularly carried on this occasion. May the love we

advocate become stronger and stronger and win the hearts of all our brothers and sisters who are appropriately committed.

Very special blessings to all.

Babuji
