Whispers from The Brighter World

Monday, May 11, 2015 – 10:00 a.m.

Days go by, and life continues, with effects at all levels. The travels of our dear Kamlesh and his action over the long term will yield very positive results for the Mission. We will inspire him over time – throughout his journey as a spiritual Master and beyond. The expansion of the Mission will require more significant commitment and decisions, as well as necessary changes. Beyond the unfolding of spirituality, new bases must be established in the world and connected to one another through the ceaseless action of our dear son who is now faced with major responsibilities that will translate into sustained actions over time.

This Mission too will have to adapt to coming changes; many brothers and sisters truly committed to this unprecedented movement will do the needful at their own level to serve it as best they can. Each chosen Master is vested with his mission, a specific action thus called for at the request of higher authorities. Doesn't everything have its raison d'être. Very special blessings to our dear son Kamlesh; we will be by his side no matter what happens. The best also to all our brothers and sisters. Perseverance is their greatest asset; one day the divine purpose will be achieved. This is how it is.
