Whispers from The Brighter World

Monday, June 22, 2015 – 10:00 a.m.

All these years of regular contacts have allowed a multitude of messages to be written down; this fact is unprecedented in the history of spirituality. These messages truly emanate from the alliance of Sahaj Marg Masters and are protected from imitation, which would be undesirable and unduly repetitive in our Mission. We are not judging; we are stating a fact, that's all.

The objective here is to move towards the goal. It is sound, powerful in its effects beyond human appreciation, and so very productive of what is best. Many beautiful souls form a magical chain, marking out the space allotted to them and acting in the best way possible to extend this beautiful aura over our Mission. Carried by our care, they are blossoming on this highly productive path. Over time, we can assess the impact produced here in this way of the heart. Simple in its approach, it does not offer miracles, although extraordinary events do occur by the grace of the Masters and for the good of our abhyasis.

We want the best for all, which entails sufficient involvement to capture our energies and make the most of them. A lifetime is of short duration; there is no time to lose. Everything counts and is beneficial when it emanates from a heart eager to love and involved in this unparalleled journey. We wish a true commitment to all and, above

all, one that is beneficial in the way we understand it. A lifetime is brief; the best is to be attained, under our endless blessings.
