Whispers from The Brighter World

Monday, August 24, 2015 – 10:00 a.m.

Mondays are special days when we focus especially on your dear ones who come together in this sitting. Caught in the shifting movements of the life of our Sahaj Marg Mission, our dear Kamlesh is very busy. He is managing in the best way possible and setting up a system more in line with the development of the Mission, and for times to come when decisions will have to be made to facilitate what needs to be done. Everything will come in due time for the expansion and harmony of this vast mystical movement corresponding to the new era. The vibration of abhyasis evolves with the practice and personal commitment of each one, adding to an overall aura that is decisive in their advancement. Sahaj Marg has many more resources that will be revealed in the future, in all their magnitude. So it is.

May all fully realise the soundness of this approach, with our full support and endless blessings.
