Whispers from The Brighter World

Wednesday, August 26, 2015 – 10:00 a.m.

This visit will be beneficial in many respects; doesn't everything have its raison d'être! Like [all] the living Masters carefully chosen by us, our dear Kamlesh has at the outset the desired potential, and moreover, we inspire him on a daily basis. The Masters act for good reasons, precisely, since we guide them. Times are changing; it is therefore necessary to adapt and also to anticipate as much as possible the future development of this Mission. Being a visionary and fully committed, the Master must not only face up to things but also predict, as far as possible, the growing needs of the Mission. Nothing is ever simple for anyone; with regard to Sahaj Marg, we are very confident. May it guide humans, more and more, according to a call that is profound and beneficial in its effects.

May all be blessed and strengthened in this great and rapidly expanding family of the heart. Sahaj Marg will astonish; its vested Master provides for it.
