Whispers from The Brighter World

Friday, August 28, 2015 – 10:00 a.m.

Such a heart bond deserved this exceptional occurrence – an unusual communication enabling the transcription of thousands of messages. They will remain a precious asset for our Mission. To not stray from an essential truth is important. In this case, the practice is not demanding, but it provides the abhyasi with a connection that is favourable to his or her evolution. This method is more efficient than it appears. The large gatherings are an immeasurable benefit for this entire Mission. All are engaged in this journey in which the love of the incarnate Master is carried to the hearts of our brothers and sisters by the divine power manifested in each one of us – we who continuously watch over this path that is so dear to us. It is not easy to integrate all the aspects of an approach like this one, you can be sure; it is one of a kind, as is its action within each one of you – to our greatest joy. Carried are all of you by the power of the love that unites us.
