Whispers from The Brighter World

Friday, September 4, 2015 – 10:00 a.m.

My dear daughter, you always give beyond your strength; we who are here really know what you are going through. Your heart shines with the lights we adorn it with. This beautiful love story will inspire many beings who are able to understand and live similar moments. Be at peace. The visit of this Master is more than beneficial for all our abhyasis. He makes us happy – seeing him so productive and efficient, we admire not only his ability to adapt, but also his creativity in all areas. The changes he is introducing are necessary and very positive for the entire Mission around the world. Deploying this path required a different approach, one that is easier for our aspirants.

All is well. We are helping this blessed son in the best possible manner. May he go very far and very high in carrying out the work that lies ahead. We are and will always be by his side.
