Whispers from The Brighter World

Tuesday, September 22, 2015 – 10:00 a.m.

Let your heart exhale its fragrances; they embalm these magical moments of connection with our hearts. The purpose of our action here is, among other things, to encourage our brothers and sisters to experience this very special 'encounter'. We do not make sensational revelations, as some of our readers would like. The intellect and the blossoming of the soul differ, as far as their deepest yearnings are concerned. We urge our aspirants to interiorise further and surrender more to our action. They thus advance significantly and in such a rewarding manner for themselves and for us – we who are able to witness the resulting benefits. Doesn't everything have its raison d'être! When a soul opens to divine splendour, we are filled with happiness. This work has done much good and will continue to do so – you can be sure of that, dear scribe. It can be evaluated over time and through a personal awakening commensurate with one's own journey.

Special blessings from all of us assembled here.
