Whispers from The Brighter World

Saturday, October 3, 2015 – 10:00 a.m.

This mystical flight fills your heart, which nourishes itself on this uncommon love emanating from our contacts. Many of our brothers and sisters are nourished by them and feel within themselves the effects of grace. Beyond the text lies this transmission; it is subtle in its effects. Many receive the messages as a form of guidance, a blessing from the united Masters.

All that is being accomplished in our Mission at this level results from the action of the living Master, custodian of our powers, combined with our constant action in many areas in order to totally support him. Nothing great is accomplished outside this alliance of the Masters, all of whom are invested in this extraordinary Mission.

Many achievements are yet to come, and our great and dear son Kamlesh will provide for it over time through judicious and inspired action. We carry him with love on this difficult but rewarding path where the best is yet to come, one could say. Very special blessings to him on this day that is special for us in the sphere in which we move – one that is so far from this world of darkness, where our action operates as well as possible for the general good. One day the divine goal will be attained, and the fruit of this unparalleled work will finally give the desired results.

To all, the best, under our blessings.

Babuji
