Whispers from The Brighter World

Sunday, January 10, 2016 – 10:00 a.m.

These messages will remain unique among their kind. We are making this clear once more, and our dearest son Kamlesh will need to remain vigilant on this issue.

This Hyderabad site will play a significant role in the Sahaj Marg Mission. It will become its high place, blessed and so highly charged with special vibrations; we are very happy about this. The Mission is growing and becoming established in various places that will increasingly relay the power of the Spirit in their own manner. The call from abhyasis is decisive in such situations, as it allows us to focus our action on a specific point in order to meet their expectations. Nothing is done without reason in a path like this, where everything is meticulously planned for the good of all.

Nothing is perfect in this world. In many circumstances it is necessary to compromise and adapt to the situation and to humans, who are involved in this process of life in all its aspects.

So many trials are to be overcome; no one escapes them. Perfection is the objective to be attained, and it will take quite some time to approach it, even if only a little. Diligently following a spiritual path like Sahaj Marg helps the seeker considerably. Are all truly aware of their involvement and of the opportunities available to them? May these writings help to awaken all, so they can better receive and benefit from the

transmission provided by the chosen incarnate Master, the bearer of our very special energies. Everything is for the best. Endless blessings to him and to all of you.
