Whispers from The Brighter World

Tuesday, January 12, 2016 – 10:00 a.m.

Your faithful commitment has resulted in so many messages. This heavenly manna will nourish hearts for a long time, please believe it. This process is intended to support the action of the incarnate Master, who is constantly supported by the special energy we transmit to him. He feels alone, very often, in the face of this heavy load, but our attention towards him is unceasing.

It is not easy to optimally manage such a movement, whose size will continue to increase. Everything in its own time. An appropriate organisation will be set up for the good of all, and for the deepening of a method that is not as simple as it appears. In due time it will provide the necessary insight for a human evolution that has been planned in view of achieving the best. This world will change, and considerably so; one day it will return to a fundamental truth that has been ignored and hidden for too long. We will refer to it again in due course. What is being done in this Mission is very promising; it will fit perfectly in a more highly developed system where it will have a special place. Hyderabad – this future high place of the Sahaj Marg Mission – will shine in the world, touching many hearts and fulfilling their expectations. Everything has been intended and planned for a long time. Divine laws are inescapable; we are their blessed servants.

To all of you, our ceaseless attention.
