Whispers from The Brighter World

Saturday, February 27, 2016 – 10:00 a.m.

We are attentive to the journey of each of our abhyasis, in addition to carrying out a global action benefiting the entire Sahaj Marg Mission. The Mission forms a whole, a force our brothers and sisters are not truly aware of. Nevertheless, they benefit from it at the subtlest level, where the very special achievement produced by this spiritual journey is built. How can one evaluate what is really being done at this level! Here, trust in the power of the Masters and their concerted action, strengthened by that of the incarnate Master, facilitates this rare state necessary for the evolution of the aspirant. True surrender, so highly advocated here, enables real progress; if it did not exist, progress would be more limited.

Each person advances according to his or her own call. Nothing is ever forced. A soul, like the most beautiful flower in the world, blossoms at its own pace and thus becomes only more beautiful. As the Mission advances and grows in strength and wisdom, we can observe its impact where it was not expected. Time does its work. It is very gratifying to see this, and to strive more than ever to strengthen an impulse of the heart that is so decisive in this unparalleled path. Following this way is a very beautiful investment, you can be sure.

May all be blessed and strengthened in their quest for the Divine.
