Whispers from The Brighter World

Monday, May 2, 2016 – 10:00 a.m.

The effects of the seminar are still being felt today, with a vibration that is more subtle. Special blessings are bestowed upon the entire Mission during these most special days when many of our brothers and sisters delight in loving. May they all grow further and take a step closer to this very high level where we wish to bring them one day. Far from the perpetual agitation of this world where trials spare no one, there is an Eden, soothing and also exquisite in its effects, through which the soul delights and truly advances. All of us here are seeing to it – we who are so attentive to this Mission and the growing number of our abhyasis. They are united in a chain that is uncommon, being both extremely subtle in its effects and very efficient in its strength of action, by which this very refined vibration produces real results. These days of large gatherings make it possible to take stock, to share what emanates from this egregore that is striking in its strength and beauty.

So highly blessed is this Sahaj Marg path – time will confirm these words. Many events will occur that will give it a very special aura, allowing it to help more and more souls in search of their spiritual ideal, [for it is] capable of quenching this thirst for the Divine that inhabits them. All are supported with much love and attention, you can be sure of it. At this level, nothing slows us down.

Very special blessings to all.
