Whispers from The Brighter World

Tuesday, May 10, 2016 – 10:00 a.m.

We are attentive to your dear person, as we are to all our brothers and sisters who are on their way, in our wake. Our great son Kamlesh is supported by all of us here and blessed, most especially. He is progressing and rising vibrationally in a manner that makes us happy. His action is taking on the desired magnitude, which promotes the establishment of Sahaj Marg in the world. Many human beings aspire to spiritual guidance devoid of overly constraining rituals and easy to access, one could say. Here, the practice is simple, and it is easily included in the lives of our abhyasis. The engagement of the heart is crucial – everything, one might say, is held here, in this high place of the body and of the 'Spirit'.

It is the playground of the Divine, where that which is indefinable for human beings is accomplished. It holds secrets, those that constitute the Karma of the being and that are revealed over the course of time. Each has its own mystery, no one can know what it holds, and yet everything is meticulously planned from the beginning to the end of this Earthly existence. 'A human being plans his life ...' – you know the rest, so often mentioned here. Faith and spiritual commitment are liberating; they build the human being, in what is essential. The progress attained on this path can only bring us joy. The numerous years of existence of Sahaj Marg have changed many hearts. So it is.

Special blessings to all.
