Whispers from The Brighter World

Thursday, June 2, 2016 – 10:00 a.m.

These messages will endure for a very long time. They will increasingly be a reference point in our Mission. Such is the higher will. Sahaj Marg offers some distinctive features that set it apart. Adapted to the current era, it corresponds to the needs of this time and brings what is appropriate to the seeker of today. Its action evolves; the Masters provide for this. Stagnation would not bring what is suitable for the needs of the moment. The mindset of abhyasis is changing too; pursuit of perfection is the aim – how much time is needed for that? It is prepared from one incarnation to the next, in order to one day achieve the sought-after goal. There are many objectives to achieve in a lifetime; how many struggles, how many incessant efforts are made to reach what, unconsciously, is the purpose of an Earthly existence. Our abhyasis are helped more than they think. This does not always go in the direction they would like; each person's Karma is unavoidable. The gains of one incarnation bear fruit for the next. Nothing is lost – this fact is to be considered, in order to advance in the direction that best suits the progress of each one. How many sittings and cleanings mark the path of the abhyasi, of our aspirants. Each small touch on this magical canvas produces the best effects, this is to be considered. Perseverance bears the best fruits, and here they are truly abundant.

Blessings to all.
