Whispers from The Brighter World

Tuesday, June 7, 2016 – 10:00 a.m.

Love is your elixir of life. You are moving forward against winds and tides, according to this expression of yours in French. Without this extraordinary love, these thousands of messages would not have been received.

Many are being written elsewhere, but only these emanating from our divine source are to be considered. This occurrence is unprecedented in history, and Sahaj Marg is blessed with this grace. The Masters who carry it are constantly attentive to life here below and to each of the brothers and sisters invested in this initiatory journey.

This word is correct; the Sahaj Marg Mission is increasingly finding its place within the great Divine scheme – one in which beautiful souls are constantly investing themselves and listening to incarnate beings who are doing their level best to make a success of their lives.

Nothing is ever easy on this Earth; in an instant everything can be overturned and destroyed, just as the best can happen without one expecting it.

Such are the laws of life, the divine purposes have their reasons for being, which humans in their smallness cannot comprehend.

Acceptance, day to day, is the wisest thing of all; what is to be, will be. Blessed are our abhyasis on the way. One day, they will be able to assess the benefits gained on this journey and thank the Masters who contribute to this special distinction.

To all, the best.
