Whispers from The Brighter World

Friday, August 19, 2016 – 10:00 a.m.

These writings characterise our Mission; they will do so more and more. Time will give them a special place – such is the wish of the hierarchy of Masters, where all express themselves, in their own manner, through these lines. This moment of contact with our brothers and sisters is special, it carries a vibration capable of touching the sensitive points of the being. Surrender, fervour, lead to a particular state where the soul is in ecstasy.

To touch hearts in order to make them more accessible to grace – is this not the most beautiful state of all, transcending matter, that which confines human beings to a state that is limited in many respects. The Mission is progressing. The egregore of this way of the heart is taking shape in the most beautiful manner and will lead it one day to the summit of what it can achieve. Everything takes place slowly and is not always easy. Where would the challenge lie if such were not the case?

Sahaj Marg is asserting itself, its special vibration touches hearts; may the best be achieved for all, under our special blessings.
