Whispers from The Brighter World

Saturday, September 3, 2016 – 10:00 a.m.

Be at peace. Open your heart to the fullness of 'the Spirit', this very powerful energy bestowed by the Masters of the Hierarchy, united in this spiritual advance that is unprecedented in history. They literally carry the incarnate Master, who is not truly aware of it; this is nothing new, and it is good that way. As the living vector of a power of which he has no idea, he nevertheless disseminates it widely across the entire Mission. Moreover, nourished abundantly, the Sahaj Marg way will mark this time and leave a very significant imprint upon it.

Very small in the beginning, as were other great paths, it nonetheless traces a brilliantly illuminated path. Commitment and perseverance lead to the best; beautiful souls are emerging more and more, strengthening this exceptional aura, in some way.

To all, peace and courage to pursue this unparalleled journey, under our very special blessings.
