Whispers from The Brighter World

Thursday, September 29, 2016 – 10:00 a.m.

Our beloved and great son Kamlesh is an innovator. He is doing what is needed, and in his own manner, preparing the future of this Sahaj Marg Mission. So many aspects are beyond human perception. We can see the future of the Mission, its action and consequent expansion, generating an unprecedented progress. We inspire him to the fullest; he adapts himself, he tunes in to us in his own way, and he acts appropriately. The coming decade will be decisive for the future; new bases will have to be established. They will facilitate communication and the construction of new high places of practice, some of which, even more than today, will serve as beacons for the guidance of our abhyasis who are committed to this unprecedented process. Everything will be done in its own time, for the good of this way of the heart and the faithful abhyasis who celebrate it day after day with consistency, under our ceaseless blessings. This is how it is.
