Whispers from The Brighter World

Wednesday, October 12, 2016 – 10:00 a.m.

Dive into this ocean of love that carries you in these moments and connects you to all of us. Fullness of the heart, of the Spirit, is there in oneself. You are especially united with our hearts in this very special contact through which these messages are taken down. Here, the transmission does its work and passes on to the readers the appropriate vibration – one that can produce the best. Everything is accomplished in silence, from which emerges true knowledge – one that does not deceive. Our fervent and faithful abhyasis feel the benefits, including the emergence of grace in its most subtle manifestation.

The rituals are carried out in our own manner; each one receives according to his or her call and is always heard. It is good and reassuring to know this; so many questions arise from this spiritual journey, which is like no other. A day will come when the divine goal will be reached. Understanding this and working accordingly is a sign of a real commitment – bearer of the graces we bestow, which are capable of answering the call of each one. May these very special blessings fulfil all our abhyasis in their respective expectations.
