Whispers from The Brighter World

Friday, October 14, 2016 – 10:00 a.m.

Do you truly realise the work that has been accomplished here – it is, and will become over time, an essential reference for our Mission. These writings will remain; they have spread nearly everywhere in the world, and they will withstand the coming turmoil. Having a very simple approach, they touch hearts that are sensitive to their rather special vibrations.

'Doesn't everything have its raison d'être'; time has created a powerful egregore going almost beyond our hopes. Here, the simplicity of the writing was necessary. Great literary works have their place, as these messages have theirs with respect to this level of reading – one that can help the greatest number in a special domain so important and easy to access. Spirituality at this level is overlooked by a great number of humans, who are not ready to venture into 'this sacred space'. Everything in its time. Sahaj Marg is growing in a very satisfying way, which fills all of us here with joy and encourages us to greatly increase our action.

This is how it is; may all benefit from our very special blessings, on this particular day.
