Whispers from The Brighter World

Friday, October 21, 2016 – 10:00 a.m

Good and evil take their place in this divine scheme, which is inescapable for the human being. No one can avoid it. A life is built on many trials; they are necessary, and they occur at the appropriate time. It is not easy to accept this necessity, and yet doesn't everything have its raison d'être! Could humans really progress in total serenity – it does not seem so. That time has not yet come when perfect beings live here below and create a place of complete harmony that allows them to blossom at all levels, particularly the spiritual one. Each one works in their own way and builds the self according to their own Karma.

Sahaj Marg provides valuable help. Are our brothers and sisters truly aware of it – it does not seem so. It is up to each to take note and commit accordingly.

Special blessings to all.
