Whispers from The Brighter World

Wednesday, November 23, 2016 – 10:00 a.m.

The fervour here does not weaken; it calls us unfailingly. This story of messages is not ordinary; one day it will appear in all its beauty. We are sensitive to such a commitment of the heart, to this love which not only does not diminish but grows with the passing days and creates this celestial manna whose importance will reveal itself to the hearts of our brothers and sisters. Caught in the incessant movement of life, many are not aware of the importance of these messages. No matter, time does its work and always manifests at the appropriate time, when necessary. Here, we are in a special register; these writings constitute a precious element in the history of our Mission – a choice asset, one might say. Nothing is done without reason, when wanted by the higher powers. They alone can foresee and assess what is or is not important.

May 'love' always carry this Mission of the heart to the height of its realisation here on Earth. We are working accordingly, that is the main objective. May all be blessed and strengthened in their quest of the Divine.
