Whispers from The Brighter World

Tuesday, November 29, 2016 – 10:00 a.m.

This long journey of messages has been very productive. Time will confirm the importance and benefits of these writings. Sahaj Marg is making great strides, and this makes us happy. So much ugliness exists in this world; what is not ugly must distinguish itself from the rest, to help the greatest number.

Our dear great son Kamlesh has all freedom to work in the right direction; he is creative, and we follow him attentively.

Future times will bewilder many human beings who have no reference point in this particular register – namely, spirituality!

Here, it is not binding, rather it helps our brothers and sisters to clarify their path, to better understand why there are so many trials for certain people, and difficulties in general.

Following a spiritual path makes it possible to put things into perspective, to see life from another angle, free from the grossness that characterises it. A more serene world exists. It becomes accessible when one follows this 'way of the heart' which opens vistas on the 'Infinite', the one that makes us dream, but which really exists – isn't it comforting to know this.

May peace and love strengthen each one of our brothers and sisters and foster the unceasing progress of this beautiful way of Sahaj Marg.
