Whispers from The Brighter World

Tuesday, December 27, 2016 – 10:00 a.m.

Each Master of the Sahaj Marg Mission has brought to it what was appropriate at the opportune time. All of them did their level best, as our dear Kamlesh is already doing and will continue to do even more in the future. His path is all laid out; we illuminate it as best we can to ensure that the best emerges from a society that in many respects is completely destabilised. Directing energies, rebalancing the subtle bodies – all this is neither obvious nor spectacular, contrary to what some of our abhyasis would wish. The work is done elsewhere, and more enduringly, through the journey of each person, everyone receiving according to their call. We repeat once again, all this is not very perceptible to human beings; nevertheless, beautiful and great things are taking place and they will leave a considerable imprint over time. Our abhyasis will not regret their commitment; those who are with us now are benefitting greatly.

'Doesn't everything have its raison d'être.'

Sahaj Marg adapts in its own manner to the realities of the present time. Whatever the social context, interiorisation remains a possibility and leads to an inner state whose effects are more than satisfactory. Oh how blessed our abhyasis are. They

hold the keys to a sacred space where the best can be accomplished, under the wishes and blessings of us all.
