Whispers from The Brighter World

Tuesday, March 28, 2017 – 10:00 a.m.

The Sahaj Marg Mission is progressing at its own pace; the Masters are providing for it, each one bringing a necessary element to its establishment in a world in full expansion. Everything proceeds slowly, according to divine plans; all is conceived in the same rigour for an exemplary vision of the world. Each step brings to the fore an element capable of fostering an efficient advancement. We want the best for this path of the heart; everything becomes possible when the heart is engaged in this system. Our abhyasis aspire to a significant advancement unlike any that has ever been, and that for important reasons – to come to a joy of heart, being a major advancement, more than has ever been attained. So many elements are falling into place in this configuration of the new era. Everything will be done as is fitting for the best to occur; thus Sahaj Marg spreads in the world for the general good.
