Whispers from The Brighter World

Sunday, May 14, 2017 – 10:00 a.m.

The path of Sahaj Marg is the product of grace. Initiated by the divinely inspired Masters, it follows its course as far as intended. Our dear Kamlesh will give it the final touch; everything is already written, down to the smallest detail.

Hyderabad will be the definitive hallmark of this Mission, which will orient itself a little differently to meet the requirements of the times.

In truth, everything is simple. The notion of surrender is not a futile one – it is not easy to grasp all its subtleties, but time does its work and shapes this Mission, at all levels. May the best be for the growth of all our brothers and sisters, invested in this long journey towards the 'essential'. Blessings to all.
