Whispers from The Brighter World

Monday, May 15, 2017 – 10:00 a.m.

Days pass, destiny weaves its web, and the human being follows his or her way. A lot of love and surrender are necessary to achieve the best that can be, for each one.

So many problems and dramas complicate matters. Inner peace is a space to be conquered to fully benefit from the different aspects of Karma. Karma is inescapable; everything is written, long planned, on this path towards eternal peace. The Sahaj Marg way is a precious asset; it leads the seeker to an understanding of the subtlest rules of life, those that help one progress towards a satisfactory condition.

'Doesn't everything have its raison d'être.' From one lifetime to another, what needs to be is built, without a person truly being aware of it. Everything is written and required by the laws of evolution. Surrendering to these laws allows the seeker to gain precious time. May the best be for all, under our ceaseless blessings.
