Great things are falling into place for the Mission. My son is working with great effectiveness.

The Medium: How did he receive the messages?

He was appreciative, but you know him, he does not reveal himself. You intimidate him; he never understood your attitude. It's not important. You will meet one day and everything will be said. Let your heart be joyful, my dear daughter.

The Medium: Babuji, I love you so much...

I know you do; you are sincere. What a child you are, always doubting yourself, but we appreciate you the way you are, so...! Would you have noted down all these messages if you could go to the ashram and elsewhere in the world? You, so sensitive and so receptive to everything? The current conditions are more favourable for us. Your vibrations are not disturbed by the outside world. That you are in this 'cocoon' facilitates our work on you, as well as our connection. Therefore, accept with joy and gratitude.

The Medium: Forgive me, Babuji, for my complaining and not having understood that.

It is human, that's all!
