The Medium: Babuji, I have the impression that there is no longer one bit of my heart that is not you.

It is in the order of things, that is the point we wanted to get to. This result is not achieved overnight.

You can see that being 'welded' to the Master is not so unpleasant.

The Medium: It's been a long time, I have to say, since I've been astonished by anything.

And yet, you're not finished being astonished. One should never assert anything.

You advance, you humans, blindfolded. You think you know and understand, but you are far from it.

As you can see, your questions are not useless. Don't you want to have this dialogue with me anymore? Yet you let me have the best part!

The Medium: Babuji, you know that these contacts with you nourish me.

You realize by the reactions of your circle that these messages nourish others too.

So, let your heart express what it feels, all will be easier in our contacts.

Stop thinking of other people's reactions. That way, things will be clearer between us, we will be able to start on new and more intimate foundations.
