Whispers from The Brighter World

Tuesday, June 8, 1999 – 10:00 a.m.

The Medium: Babuji, take me, like Alice, to Wonderland – I have no more courage.

editate, my child, we will recharge you with energy.

You are going through a phase of work that is stirring you up, that is normal; managing your health problems on top of that, it's a lot.

We support you with love, hold on, do not neglect your treatment, do what was planned for today.

We will resume later. We only want the best for you, you know that.

The doctor is doing his best to help you. He is intrigued by you, he is not the first to be so.

You will help this man, he needs it. We will guide you to get him out of his difficulties.

He does for you, we do for him.

Who really knows what you represent? According to your wish, we say no more.

Sufficiently refined beings feel it.

Keep on giving, act without their knowledge, all is well that way.
