Whispers from The Brighter World

Saturday, June 12, 1999 – 10:00 a.m.

Take a breath, my child; you are spoiled today, that is our secret.

Delight in the divine nectar.

Through your channel we have found a rare pearl, and we offer you one in turn.

Be joyful for all the magnificent things that are happening in the Mission; here, we are rejoicing.

Our blessings are spread all over the Earth. You benefit greatly, all of you who put your trust in us.

We are one big spiritual family where all goods are shared.

Within this family, there are various functions and responsibilities, but all are equal, you must know this.

We are not in a hierarchical system like that on Earth.

We consider all of you in the same way. Whatever your role, you have the same importance in our eyes.

In this well-organized structure, each one has their place, neither more nor less.

Never think that you are forgotten and that you don't have our appreciation for the place you hold.

Being a sincere associate, doing your work with heart and as best you can, is of utmost importance for us. Each element, without distinction, contributes to the building of the 'work'. Be assured of this truth which we have just stated.
