Whispers from The Brighter World

Friday, January 15, 2016 — 10:00 a.m.

In these unique moments, surrender to the delight of the soul. This ritual has become essential to your life; you become steeped in it and hold within yourself this sublime energy that carries you to our hearts, and thus this transmission can begin. It reverberates around you, and each of your sister abhyasis [there with you] benefit from it in their own manner. These messages are the primary result of it, coming directly from our hearts with the sole purpose of helping our abhyasis. Thus this vibratory aura is created; though often mentioned in these messages, it is not yet perceived in its reality and action — an action that underlies that of the living Master. With Sahaj Marg being a more coherent and active whole than it seems, all these years of existence have created a magical chain that goes beyond the scope of our way. What matters is the result produced by all the means offered to brothers and sisters who are committed to this extraordinary undertaking. Having such an asset in an incarnation is surely precious. Nothing is easily obtained in this area with respect to an asset that can defy time and that is promising, encouraging us to proceed as far as possible. Sahaj Marg does not lack the means of action, which range from the capabilities of the living Master chosen by us to these writings emanating from our hearts — the whole is blessed and supported by the higher powers.

"May these different means help our brothers and sisters and allow them to save valuable time, under our blessings."
