Whispers from The Brighter World

Tuesday, January 26, 2016 — 10:00 a.m.

Bathe in this energy of love that supports you on a daily basis. Don't feel embarrassed to write it; why can't we express such a truth? This inner refuge is sacred. May all our abhyasis really become aware of it and fully benefit from a transmission that is unique to our Mission. This transmission occurs in differing ways, but it works, you can be sure. The Sahaj Marg Mission is expanding its action, and it will do so more and more in the face of obvious necessity in a world that is so very troubled. Achieving serenity is not an easy objective; it is and will remain the most difficult challenge in an incarnation. Our messages are given in order to be known to our abhyasis, and we are well placed to assess this. The human being can create barriers, often raising them where they need not be. Difficulties, joys and many adventures punctuate a life, allowing people to move forward. Regardless of their spiritual commitment, people do advance one way or another when confronted with tests; they do indeed have their purpose. We want the best for our aspirants, guiding them day by day in our own manner. Everything is important and necessary. Long is the road to bliss, and achieving it is the ultimate happiness.

"Blessings to all."
