Whispers from The Brighter World

Monday, February 8, 2016 — 10:00 a.m.

These messages have given a lot to our abhyasis, and so will it be for a very long time. Some abhyasis ignore them, while others value them. Thus is life in its many aspects, and such has always been the case for writings considered to be valuable assets for humanity.

"In their own manner, the Masters of the past carry the current Master, who is highly committed to serving this beautiful and great cause — a spiritual path adapted to present times. In the future, you can be sure that it will leave an impressive mark, one that is unhoped for today. Nothing is in vain when it is done for the good. So many actions with far-reaching consequences take place in this world; how to curb this hatred that is unjustified in light of the laws of karma, the principle of reincarnation, and indeed life and the respect it inspires. Will the human being understand one day that everything is counted: thoughts, actions — however small they may be — nothing is ignored.

"Following a spiritual path denotes a real aspiration for the Divine; this aspiration is more or less evident according to how it is felt by each one. With diligent practice supported by an unprecedented transmission, Sahaj Marg allows one to save valuable time — of this you can be sure. It is not easy to assess the progress made; some abhyasis walk, others run and sometimes even fly to spaces where grace leaves some unforgettable traces. A heart that calls out is, undoubtedly, always heard. Nothing is lost and anything can create the best possible in one's lifetime.

"Blessed are our abhyasis. They are on the path, and what a path it is! To all of them, the very best that can be."
