(For Roger and Nicole.)

Value this meeting at its true worth. While going through your tests you benefit from considerable protections. The purpose of life is not the pursuit of pleasure and the satisfaction of all your desires. The true purpose is noble, very far from material possessions and the satisfaction of one's ego. During this period, when you have to face up to sickness, remember that the Earth is not your abode.

"You are passing by here below and it is never too late to become aware of the reality of an incarnation and its usefulness for your evolution. Open your heart to the true joys: those of being surrounded by loved ones, without neglecting the aspirations of your soul. Think that this one will carry on its road once your Earthly path is over. Make sure that it takes its letters patent of nobility; you will act for the most beautiful cause ever and you will not regret it. Be blessed for appreciating and loving our daughter."
