Whispers from The Brighter World
A Fourth Revelation

Sunday, October 22, 2000 - 10:00 a.m.

Do not worry for your brother-in-heart. He is going through stages that are worth experiencing for him. His ordeals are initiatory. All that was his life's interest is removed from him. Whether he will open his eyes in time is the question.

"Death is a beginning, as you know. When the time comes, his evolution will continue on other levels, since for him, life does not present any more interest here below. The physical degeneration traumatises him very deeply and he cannot accept it.

"Faith does not germinate in his heart as it should and yet, this man is good.

"He must step-by-step climb these stairs that will lead him towards other levels more suitable for a spiritual process.

"Help him with positive thoughts, full of love and hope.

"Be confident in his future destiny. He does his level best in this life with the elements in his possession.

"All is still possible.

"God is great."
