Whispers from The Brighter World
A Fourth Revelation

Monday, October 23, 2000 - 10:00 a.m.

It is important for you to keep receiving us. We do not want to wear your circle out; therefore you could maybe keep this new collection of 'Reflections' to yourself, at least for a while.

"We will inevitably come back to the same weak points, by shedding light once again on what risks hinder your personal progress.

"It is better to be conscious now of what is to be perfected. We insist so much for your good and in order to give you the best chances of success.

"When you leave this world, it is through an exceptionally accurate magnifying glass, so you should keep a check on yourself.

"The efforts that you make here will be taken into consideration and will provide you, in this future scrutiny, with a substantial mitigation to reactions you will demonstrate.

"This is the last time that we bring up this issue; it is up to you to see."
